

The distance from the proposed dwelling to the property boundary must be shown on the site plan. If there is a watercourse on the property, the distance from the proposed dwelling to the watercourse must be indicated. Location of dwelling shall not be located on any drainage swale(s) or easements.

Street Name: \_\_\_\_\_

| Dimensions ft or m |
|--------------------|
| X =                |
| Y1 =               |
| Y2 =               |
| Z =                |
